Background

Recruitment for this Mission began in May 2014. Applications will now be accepted through January 30, 2015 (and after that date if space remains and scheduling constraints permit). Interested companies that have not already submitted an application are encouraged to do so.

Amendments

For the reasons stated above, the last paragraph of the Timeframe for Recruitment and Application section is amended to allow for applications to be accepted through January 30, 2015. "Recruitment for this mission will conclude no later than January 30, 2015. The U.S.

Department of Commerce will review applications and make selection decisions as quickly as possible. Applications received after January 30, 2015, will be considered only if space and scheduling constraints permit.”
